

AGRITECH CAREERS FOR A SUSTAINABLE FUTURE

John Innes Centre | 21st March 2023

Could you be part of the global agricultural revolution?

AgriTech combines science, technology and engineering to generate innovative ideas to help solve agricultural problems.

Find out more about the exciting world of AgriTech and the huge variety of careers in the sector with this unique **free** one day course open to Year 12 Students.

APPLICATION DEADLINE 20TH JANUARY 2023

To apply please complete the attached form and send to:

shannon.woodhouse@ffdt.co.uk

or FFD T Norfolk Showground Dereham Road Norwich NR5 0TT

COULD YOU BE PART OF THE AGRICULTURAL REVOLUTION?

With a changing climate and rising population, improvements to sustainable agriculture are vital to ensuring **GLOBAL FOOD SECURITY** for the future.

Scientists, engineers, bioinformaticians and agronomists are leading the way in this creative and challenging field. Do you have the interest, ability and passion to be part of this **PIONEERING** work?

WHAT

Careers in agricultural technology are extremely diverse - from working on robotics, precision agriculture, sustainable energy and environmental science to genetics, human nutrition, functional foods, pharmaceuticals and synthetic biology. Specialists work together to provide sustainable solutions for global problems.

Join us for this free one day course where, through a series of engaging discussions and interactive sessions, you'll have access to world leading researchers and their facilities, as well as industry experts. We're looking for passionate and interested Year 12 Students from Norfolk and Suffolk to take part in this unique opportunity.

WHEN

Tuesday 21st March 2023
